Stop and Shop A+ Rewards Program

Those families who frequent Stop & Shop can support Middlebrook through the Stop & Shop's A+ Rewards program. The program gives money to our school based on all of your purchases made September 7, 2018- March 16, 2019. It does not cost you anything and does not impact your gas points. You can sign up directly online at www.stopandshop.com/school-rewards/ --spread the word to friends and neighbors that we would love to have them support Middlebrook through this program. Even extended family that does not live in Connecticut can sign up if they shop at Stop & Shop. The funds raised will be used for projects that help Middlebrook feel like a fun and friendly place through groups including Team Change and Kindness Club. Of course, we are not asking anyone to change their shopping habits or switch stores! This is just an easy way to take advantage of no-cost fundraising with folks who already use Stop & Shop.

Box Tops for Education

Please Support This Effort! Please donate your Box Tops to Middlebrook School. Box Tops for Education can be found on hundreds of everyday products from companies like Food Should Taste Good, Yoplait, Kleenex, Scott, Ziploc, Hefty, Old El Paso, Green Giant, Land O Lakes, and Hanes. Collection boxes are located in the front reception booth, the media center, and the teachers' lounge. Proceeds from Box Tops go directly to the school to help buy new equipment and supplies. Last year we raised over \$1,000! That works out to just 10 box tops per student! If you would like more information about this program, including participating brands, visit www.btfe.com, or contact Jennifer Acerra- Markey at jtm4jla@optonline.net.

Adults are needed to assist students- the more volunteers the more opportunities the students have to climb! Children Do Well When They Can: Identifying & Collaboratively Solving the Problems That Cause Challenging Behavior

Mon., Oct. 8, 2018 from 5:00 p.m. – 7:00 p.m.

Wilton High School's Clune Center

Admission is free; registration is recommended at [RossGreeneWilton.eventbrite.com](https://www.eventbrite.com)

Parent presentation by Ross W. Greene, Ph.D., Author of *The Explosive Child*; *Lost at School*; and *Raising Human Beings*

Children do well when they can; when they can't, it is because of lagging skills and unsolved problems. Whether a child responds by whining, sulking, or crying, or in ways that are more concerning - hitting, swearing, or biting - the goal of parents and caregivers is to identify and solve the underlying problems that cause the behavior. Join us to learn from child psychologist, Ross W. Greene, Ph.D., how to understand children's challenging episodes, identify unsolved problems and begin to solve problems. Dr. Greene is the originator of the innovative, empirically-supported approach to children's behavioral challenges known as Collaborative & Proactive Solutions.

In the 2018-2019 school year, the Wilton Public Schools will be learning more about Dr. Greene's model. The district has worked with Dr. Greene to create a plan to help teachers, faculty, administration, staff, and parents learn how to help students with effective self-regulation and problem-solving strategies. This will begin with keynote addresses for elementary, middle and high school faculty on October 8, which is a professional development day for district staff. In addition to working with faculty, Dr. Greene will also present to parents and other concerned adults to share this model with our community.

Please contact Genevieve Eason at Genevieve.Eason@gmail.com with questions.
